Dear students,

Below you will find information on the placement test. Your coordinator will inform you about the deadline for completing the test.

**The placement test is not aimed at giving you a grade. Our placement test helps place students in appropriate German language course. Please make sure you read the directions carefully and set aside enough time for the test before you begin.**

After you have finished the test, please send the results to the following E-Mail address:  
kschneider@hof-university.de

Please read the following instructions before starting the test. The whole test comprises three parts, A1, A2 and B1. Answer all parts, if possible.
